Chapman's Celebrates 50 years, for the Love of Ice Cream with a Unique Global Innovation

David and Penny Chapman's vision to scoop ice cream products "For the Kid in All of Us" has led them to become Canada's largest independent ice cream manufacturer.

2023 marks Chapman's 50th year. To celebrate, we are releasing the very first allergy friendly super premium ice cream in the world!

At Chapman's, we believe that everyone should be able to scream for ice cream – that's why we've created over 180 varieties of high-quality frozen treats to suit many dietary restrictions and food allergies. From rich, real-dairy ice creams to lower calorie, gluten free, lactose free, peanut free, nut free, and No Sugar Added, Chapman's has something for every member of your family.

This year, we're breaking boundaries by introducing the best ice cream on the Canadian market. Our Super Premium Plus ice cream is made with 16% butterfat, 40% overrun, and brimming with premium inclusions. The innovation truly lies within the allergy-friendly badge – a super premium line that is peanut, nut, and egg free is unheard of. This product line aims to compete for "The Best Ice Cream in Canada" spot.

"Something for every member of your family."

Super Premium Plus

First Ever Allergy Friendly

Super Premium Ice Cream in the World.

Best ice cream on the market with 16% butterfat and 40% overrun. Nut, Peanut, and Egg Free.
Made with 100% Canadian Dairy. Natural flavour and colour.
